PROPOSAL · JULY 2026 · PREPARED FOR DEWEI NG & THE KMU TEAM

KMU
Brand Essentials Programme

The three things KMU asked for — identity, photography, corporate profile — in one focused RM20,000 programme.

RM20K
Total programme budget, ex-SST

3
Phases, each independently approved — commit one at a time

~10 wks
Kickoff Aug 2026 → identity + profile in hand by mid-Oct

What this programme is

KMU has spent 25+ years becoming the largest player in its field in Malaysia — but the materials in the room no longer match the company behind them. The website and profile booklets are outdated, and the brand has recognition without a distinct identity.

Brand Essentials fixes the three most visible gaps first, at a quarter of a full rebranding programme's investment:

1 · A refreshed, unified identity

Logo refinement (**refine, not replace** — 25 years of recognition is an asset), colour, typography, and a lite guidelines document so every department reproduces the brand correctly.

2 · Professional site photography

Underground work is hard to shoot — which is exactly why professionally-shot underground work is a differentiator nobody else in the field has. One focused shoot day, done right.

3 · A tender-ready corporate profile

A 12–16 page profile booklet built on the new identity and new imagery — the document KMU actually takes into government and corporate tenders.

Every deliverable is a building block of the full rebranding programme. Nothing here is throwaway — commission the full programme within 6 months and we scope only the delta. KMU never pays twice for the same work.

PHASE DETAIL

Three phases, each gated by your sign-off

Phase 1 · Brand Foundations

Weeks 1–5

Strategy-lite plus the identity itself — enough thinking to design correctly, without the full discovery programme.

- Kickoff workshop + **2 stakeholder interviews** (leadership, tender/BD team)
- Rapid audit of current materials + Gamuda-reference positioning review
- **Positioning statement, brand persona, boilerplate copy, 1 tagline direction**
- **Logo refinement — 1 design direction, 2 revision rounds** · colour system · typography
- Core applications: letterhead, email signature system, PowerPoint cover/master slide

You receive: Brand Guidelines Lite (~15–20 pages) + master asset pack with all source files.

GATE: identity sign-off before production

Phase 2 · Photography Essentials

Weeks 4–7

One focused shoot, planned tightly against the profile's exact image needs.

- Pre-production: shot list mapped to the profile, 1 site recce, safety & access coordination with KMU site teams
- **1 shoot day on an active site + half-day corporate** — leadership portraits, office

You receive: 25–30 retouched, rights-cleared images organised as a starter brand library.

GATE: image selection accepted before layout

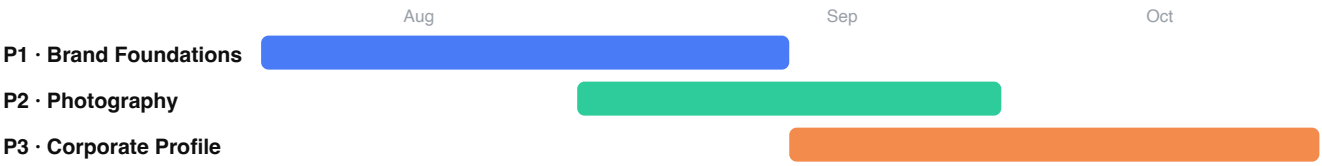

Phase 3 · Corporate Profile

Weeks 6–10

The commercial payoff — the document that goes into the next tender batch.

- **Corporate profile booklet, 12–16 pages** — print-ready + digital PDF, English master
- Built on the Phase 1 identity and Phase 2 imagery
- Print management support (print costs at cost, pass-through)

PROGRAMME TIMELINE — INDICATIVE, KICKOFF FIRST WEEK OF AUGUST 2026

Each column = 1 week (10 weeks total). Photography overlaps the identity work by design — the shoot is planned once visual direction is locked, so images land just in time for profile layout.

Complete by mid-October 2026 — refreshed identity, image library, and a new corporate profile in hand well before the next tender batch.

CHOOSING THE RIGHT FIT

Essentials vs the full rebranding programme

Both options are on the table. Essentials moves fast on the most visible gaps; the full programme adds the strategic depth, organisation-wide rollout, and measurement that make a rebrand stick for the next 25 years.

Area	Brand Essentials — RM20,000	Full Programme — RM80,000
Discovery	2 interviews, rapid audit	5 interviews, full audit, benchmark scan, KMU↔PT KMU brand architecture
Strategy	Positioning + persona + boilerplate, 1 tagline direction	Full Brand Strategy Blueprint + messaging house, 3 tagline directions
Identity	1 logo direction, core colour & type	2 design directions, full graphic language
Guidelines	Brand Guidelines Lite (~15–20pp)	Full Brand Playbook (40–60pp) + hoarding, vehicle/PPE livery, signage, social kit
Photography	1 site day + ½ corporate · 25–30 images	2 site days + 1 corporate day · 60–80 images
Profile & tender	12–16pp corporate profile	24–32pp profile + capability statement + 6 case-study sheets + tender cover system
Launch & proof	—	Internal launch kit + workshop, external launch assets, perception surveys + 6-month re-measure, 90-day brand QA
Duration	~10 weeks	~18 weeks

The honest recommendation

If the immediate need is **walking into the next tender with materials that match the company**, Essentials covers it. If the goal is the one Dewei described — *"when I see something, I think of this company"*, aligned across every department and down to PT KMU in Indonesia, with numbers to show leadership what changed — that is what the full programme is built for. Starting with Essentials and upgrading later is a completely valid path: within 6 months we scope only the delta, so nothing is paid twice.

Optional add-ons to Essentials (quoted on request)

- **Extra site shoot day** — best value if added while the crew is mobilised, retouching included
- **Capability statement** (4pp fast-scan version for tender annexes)
- **Corporate website revamp** · **brand video** · **educational content retainer** (~2 posts/week)
- **BM / Bahasa Indonesia adaptations** of the profile and guidelines

BUDGET & NEXT STEPS

Budget

RM 20,000
Total programme budget, ex-SST

3
Phases, each independently approved — commit one at a time

~10 wks
Kickoff Aug 2026 → identity + profile in hand by mid-Oct

Budget is ex-SST and subject to change once the final scope is confirmed. Pass-through at cost: printing (P3), site travel/access outside Klang Valley (P2). A detailed phase-by-phase quotation follows on confirmation of scope; budget valid 30 days.

The team

Same senior team as the full programme: **brand strategist (Toggle Solutions)** on positioning and messaging; **creative director + creatives (Code of Origin)** on identity, guidelines, and production — including the in-house production team for site photography.

NEXT STEPS

1	KMU reviews both options internally — Essentials (RM20,000) and the full programme (RM80,000)
2	30-minute call to pick the fit and adjust phase scope if needed
3	Sign off **Phase 1 only** — kickoff scheduled within 2 weeks of approval
